

NOTICE 28-2016: ENHANCED SECURITY MEASURES ON THE POINT LISAS INDUSTRIAL ESTATE

July 12th, 2016

The Point Lisas Industrial Estate hosts a number of companies that collectively play a critical role in support of Trinidad and Tobago's economy by virtue of the revenue generated for the Government as well as due to the thousands of persons employed.

The country is not immune to locally based or internationally influenced security threats. In fact, within the last few weeks alone a number of potential threats have arisen. These are stark reminders that we not only need to be vigilant but that we are also vulnerable.

Consistent with the need to provide an enhanced level of security on the Industrial Estate, PLIPDECO is embarking on a number of security related initiatives that will include increased patrols and surveillance throughout the Estate, additional random checks at entry points and a zero tolerance approach in dealing with security and traffic breaches.

Users of the Estate are asked to comply with posted signs that are erected throughout the Estate and adhere to the directives given by the security personnel present. In addition, where you may see any unusual occurrences you are encouraged to call our **Security Charge Room at 679-7233 or Tactical Response Unit (TRU) at 775-8545**. General security concerns can also be sent to alert@plipdeco.com

We thank you for your support and wish to assure that all attempts will be made to keep any inconvenience to a minimum as we strive to make the Industrial Estate a much safer and more secure operating environment.
