Re: Follow up to Letter Dated 6th July 2017 (ASYCUDA Manifest Numbers)

Sir,

With reference to the above subject, while some agencies have complied with the requirements, there are still however a few that remain non-compliant.

As a result with effect from 21st August, 2017 customers whose sub-delivery orders and bills of lading that do not reflect the Manifest Number will be referred to their relevant agencies to have this rectified.

Thank you,

SB

Officer in Charge
