

NOTICE 23-2017: Revision to PLIPDECO's Full Container Load (FCL) Service - Tariff Structure, Procedure and Service Request Form

July 7th, 2017

We refer to PLIPDECO's Full Container Load (FCL) Service that was launched on February 1st, 2017.

Please be advised that we have revised the FCL Service offering making it more cost effective for customers, by providing **free transportation** for full containers from the Port of Point Lisas to the Warehouse. Accordingly, with immediate effect, the following amendments have been made to our existing FCL Service tariff:

| Section | Amended Description |
|--------------|--|
| 1.1 | All unstuffing charges include transportation of full container from the Port to Warehouse and loading of cargo onto customer's transport. |
| Notes | Included: (II) The empty container will be returned to the Port of Point Lisas at no additional cost. |

To reflect these changes, revisions were also made to the operational procedure that guide all arrangements for use of this service and to the online Service Request Form. For ease of reference, please find attached the following revised documents:

- FCL Operational Procedure Version 2.0
- Separate FCL Service Tariff effective July 7th, 2017
- Consolidated PLIPDECO Port Tariff.

The updated versions of the above documents can also be found on our website: www.plipdeco.com. For more information, please contact our Marketing and Business Development Department at (868) 636-2201 Ext. 3511-4 or our Warehouse Services directly at (868) 679-2935.

We look forward to your continued support.

Sincerely,

Marketing and Business Development Department
PLIPDECO
