Based on the recently implemented Tariff effective January 1st 2019, a new charge was introduced – "Container not Loaded/Rolled Containers" at USD 20.00 per container (please refer to Tariff, Section 4.15 - page 10).

The following guidelines regarding this charge are detailed below for your information and guidance:

Containers arriving at the Port Gate with incorrect Booking Numbers/Information (incorrect vessel/voyage and Port of Discharge) will incur this Tariff Charge.
- Containers arriving late at the Port Gate after the vessel departs will incur this Tariff Charge.

YARD

- Containers in the Port storage yard that are assigned to the vessel based on the Booking, but are not on the Load List provided by the Agent will incur the Tariff Charge.
- This will require re-handling of those containers to their designated storage positions in the yard.
