

## NOTICE 17-2020: PRECAUTIONARY MEASURES AT PLIPDECO'S FACILITIES AGAINST COVID 19- UTILISATION OF THE FLUKE 568 IR THERMOMETER

March 31<sup>st</sup>, .2020

In response to the increasing developments regarding COVID-19 (Coronavirus) cases reported in Trinidad and Tobago, the Corporation wishes to advise that effective **April 1<sup>st</sup>, 2020**, Security Personnel stationed at the Pedestrian Gate at the Port of Point Lisas and at the Less than Container Load (LCL) Warehouse will be using **Fluke 568 IR Thermometers** to ascertain the temperature of all stakeholders accessing these areas.

As such, the following steps will be implemented upon entry to the areas mentioned above:

STEP	DETAILS
<b>Step 1</b>	The person presents himself/herself at the designated area.
<b>Step 2</b>	The Security Personnel gently points the IR Thermometer towards the person's neck (leaving a 3-4 ft. social gap).  Do note that no skin contact will be made in the testing process.
<b>Step 3</b>	The temperature reading will display in approximately two (2) seconds.
<b>Step 4</b>	Any person exhibiting flu-like symptoms or having a temperature of thirty-eight (38) degrees Celsius or higher will be denied entry to the facility and <b>IMMEDIATELY</b> referred to the Health, Safety and Environment Department.

The health and safety of our stakeholders continue to be of utmost importance to the Corporation and as new developments arise with the COVID-19 disease, we will continue to adopt relevant methods in keeping with the guidance issued by the Government of Trinidad and Tobago.

Sincerely,

**Marketing and Business Development Department**  
**PLIPDECO**
