

NOTICE 45 -2020: Update on the Delivery Process for Break Bulk (General Cargo) Operations at the Port of Point Lisas

November 2nd, 2020

Effective **Tuesday, November 3rd, 2020**, transportation companies contracted to conduct the delivery of break bulk cargo at Port of Point Lisas must provide the following:

1. At PLIPDECO's Pre-Gate, the truck and trailer numbers must be provided during the processing of documentation. This information will then be included on the Authorization to Load Slip to allow the truck and trailer into the Port.
2. The transportation companies that have been contracted to deliver **export cargo** must indicate the truck and trailer numbers on the Letter of Request. This information will be included on the Authorization to Offload Slip after which access will be granted to the Port.

Sincerely,

**Marketing and Business Development Department
PLIPDECO**
