

NOTICE 38-2020: Spraying of Port for Mosquitoes on August 10th 2020

August 10th, 2020

Please be advised that Omega Limited will be conducting a spraying exercise scheduled for today **August 10th, 2020** between **1400 hours to 1600 hours**.

This is essential to control the spread of mosquitoes and reduce the likelihood of the transmission of mosquito borne diseases. This exercise will be restricted to the Port, Point Lisas.

Please be advised of the following:

1. The chemical to be used in the spraying exercise is Malathion and is commonly used in vector control. Whilst this chemical is not immediately dangerous in the concentrations used, you are asked to minimize your exposure to same.
2. Occupants should remain inside during this exercise in order to minimize their exposure to the chemical. All Air-conditioning Units should be turned off during the exercise.
3. The application process generates large amounts of "smoke" like mist.
4. If for any reason the chemical is irritating to eyes, skin or nose, please take the following precautions:
 - a. Eye Contact: Flush with water for 15 minutes.
 - b. Skin Contact: Wash with soap and water.
 - c. Inhalation: Relocate to an area where you can access fresh air.
 - d. Contact HSE on 636-2201 via Extensions 2286 or 2275.

The date may be subject to change in the event of inclement weather conditions. Feel free to contact us for further information or any clarification.

Sincerely,

Marketing and Business Development Department
PLIPDECO
