

NOTICE 34-2021: Spraying of the Point Lisas Industrial Estate for Mosquitoes on July 19th, 2021

July 16th, 2021

Please be advised that our Estate and Facilities department will be conducting a spraying exercise to control the spread of mosquitoes on the Point Lisas Industrial Estate on July 19th, 2021 from 0530 hours to 0700 hours.

This exercise will be restricted to the Point Lisas Industrial Estate only.

As a result, the following should be noted:

- The chemical to be used in the spraying exercise is Malathion and is commonly used in vector control. Whilst this chemical is not immediately dangerous in the concentrations used, you are asked to minimize your exposure to same.
- Occupants should remain inside during this exercise in order to minimize their exposure to the chemical. All Air-conditioning Units should be turned off during the exercise.
- The application process generates large amounts of "smoke" like mist.
- If for any reason the chemical is irritating to eyes, skin or nose, please take the following precautions:
 - Eye Contact: Flush with water for 15 minutes.
 - Skin Contact: Wash with soap and water.
 - Inhalation: Relocate to an area where you can access fresh air.

The aforementioned date may be subject to change in the event of inclement weather conditions.

Kindly contact the undermentioned department at Tel: 636 – 2201, extensions and email addresses below should you require additional information:
