

## NOTICE 42-2021: DRESS CODE & APPEARANCE OF PERSONNEL AT PLIPDECO LOCATIONS

---

August 5<sup>th</sup>, 2021

Reference is made to the subject at caption. The safety of our employees and Port Users continue to be one of our highest priorities. In an effort to enforce security protocols and protect all stakeholders, it is the Corporation's policy that anyone entering the Pedestrian Gate, Port Administration Building and any other Security checkpoint are required to remove their hats, sunglasses and hoods or other items that might potentially conceal their appearance.

We understand there might be special circumstances in which persons may not be comfortable removing their headwear in public. In situations like these, do contact the Security Shift Supervisor at the Port Charge Room at **Tel. No. 290-0978** for further instructions.

Do take note of the signs posted at the relevant locations regarding the removal of hats, sunglasses and hoods upon entering the aforementioned locations. Failure to comply with the policy may result in denial of entry into our facilities.

Thank you for your usual cooperation in this regard.

Please be guided accordingly.

Sincerely,

**Marketing and Business Development Department  
PLIPDECO**
