

NOTICE 24–2022: Mandatory Gangway Security at the Port of Point Lisas

July 19th, 2022

The Port of Point Lisas is an International Ship and Port Facility Security Code (ISPS) compliant port. As such, the Corporation must take all practicable measures to ensure the safety and security of all persons, cargo and stakeholders accessing all its facilities.

In pursuance of this, the Port is required to ensure that appropriate security is positioned at all entry and exit points to the facility. As a consequence, Stakeholders are reminded that PLIPDECO supplied security is mandatory at the gangway at each vessel docked at any one of the berths.

Your continued cooperation is anticipated for maintaining a safe and secure working environment for all our stakeholders.

Sincerely,

**Marketing and Business Development Department
PLIPDECO**
