

NOTICE 38-2022: COMMEMORATION OF PLIPDECO'S 56TH ANNIVERSARY

September 16th, 2022

PLIPDECO, incorporated in 1966 and built on a foundation laid by businessmen who conceptualised establishing an energy based industrial estate, celebrates fifty-six years of being one of largest and most advanced energy based complexes of this type and a premier regional shipping hub.

It has not always been smooth sailing over the years but overcoming these obstacles would not have been possible without God's Grace, astute management, the continued dedication and hard work of our employees and the support and confidence placed in us by customers and stakeholders.

In its quest for service excellence, PLIPDECO's plans for the future are both industry focused and innovative. As the organisation embarks on the next phase of development, we will seek to reposition the Corporation through rebranding our image, leveraging the use of cutting edge technology and systems and the expertise of our internal human resources, thus ultimately enabling us to better serve our loyal customers and stakeholders.

On behalf of the Board of Directors and Management, I extend a special Thank You to all our employees, representatives of the respective trade unions, customers, stakeholders and the Government as the Corporation reaches another significant milestone in its history.

May God bless us on this special day and may He give us the enduring strength and guidance to take us confidently into the future.

Sincerely,

**Marketing and Business Development Department
PLIPDECO**
