

Corporate Social Responsibility

Donation to Mc Bean Presbyterian School

As part of our Corporate Social Responsibility initiatives, the Corporation donated office furniture to the Principal, Ms. Paula Deoraj and teachers of the Mc Bean Presbyterian Primary School. This school located at Calcutta No. 1, Mc Bean, Couva and has a student body of 130 students. This furniture will bring much needed support and comfort to the teachers as they take on their duties of educating our future generation.

Corporate Social Responsibility

Brazil Secondary School, Arima appears on CNN

The Corporation assisted a contingent of students from Brazil Secondary School in Arima to attend the Globe Learning and Observations to Benefit the Environment (GLOBE) Learning Expedition (GLE) in New Dehli, India in 2014 and again in 2016 to attend an Awards Ceremony in Los Angeles.

GLOBE is a worldwide hands-on, primary and secondary school-based environmental science and education program. The organisation partners with NASA, NOAA and NSF Earth System Science Projects (ESSP's) in studies and research about the dynamics of the Earth's environment.

The school is recognized on an international level for its significant contribution in providing data measurements on rainfall to The Globe Program. In fact, the school was featured on CNN News on February 5th, 2019 as part of a Global Classroom with other schools across North America learning about Child Labour, getting tips and tricks for taking action and addressing this issue in their own lives. PLIPDECO applauds the Principal and staff of the school for their dedication and commitment to continuous learning.
