

## NOTICE 23-2020: UTILISATION OF THE FLUKE IR THERMOMETER AND COVID-19 SCREENING QUESTIONNAIRE AT PLIPDECO'S PORT FACILITY

April 17<sup>th</sup> 2020

In response to the increasing developments regarding COVID-19 (Coronavirus) cases reported in Trinidad and Tobago, the Corporation wishes to advise that effective **April 20<sup>th</sup>, 2020**, Security Personnel stationed at the Port Point Lisas In-Gate, will be using the **Fluke IR Thermometer** to ascertain the temperature of all stakeholders accessing the Port Facility. The Screening Questionnaire must be filled prior to entering the facility on the person's initial entry into the port for each day.

As such, the following steps will be implemented upon arrival at the location mentioned above:

STEP	DETAILS
<b>Step 1</b>	The person presents himself/herself at the designated area with the screening questionnaire completed
<b>Step 2</b>	The Security Personnel gently points the IR Thermometer towards the person's neck (leaving a 3 - 4 feet social gap).  Do note that no skin contact will be made in the testing process.
<b>Step 3</b>	The temperature reading will display in approximately two (2) seconds. The temperature is then recorded on the screening questionnaire. The officer retains the screening questionnaire.
<b>Step 4</b>	Any person exhibiting flu-like symptoms or having a temperature of thirty-eight (38) degrees Celsius or higher will be denied entry to the facility and <b>IMMEDIATELY</b> referred to the Health, Safety and Environment Department.

The health and safety of all stakeholders continue to be of utmost importance to the Corporation and as new developments arise with the COVID-19 virus, we will continue to adopt relevant methods in keeping with the guidance issued by the Government of Trinidad and Tobago.

Sincerely,

**Marketing and Business Development Department**  
**PLIPDECO**
