

NOTICE 07-2025: Spraying of Mosquitoes at the Port of Point Lisas and Point Lisas Industrial Estate on Saturday 8th and Saturday 22nd February, 2025

4th February 2025

Please be advised that Omega Pest Control will be conducting a spraying/fogging exercise to control the spread of mosquitoes at the Port of Point Lisas and the Point Lisas Industrial Estate on the following dates for the month of February 2025 from **0530** hours to **0700** hours.

- **Saturday 8th February 2025**
- **Saturday 22nd February 2025**

As a result, the following should be noted:

- The chemical to be used in the spraying exercise is Aqua-Kontrol 30-30 Concentrate and is commonly used in vector control. Whilst this chemical is not immediately dangerous in the concentrations used, you are asked to minimize your exposure to same.
- Occupants should remain inside during this exercise in order to minimize their exposure to the chemical. All Air-conditioning Units should be turned off during the exercise.
- The application process generates large amounts of "smoke" like mist.
- If for any reason the chemical is irritating to eyes, skin or nose, please take the following precautions:
 - Eye Contact: Flush eyes slowly with water for 15-20 minutes
 - Skin Contact: Wash with water for 15-20 minutes
 - Inhalation: Relocate to an area upwind where you can access fresh air.

The aforementioned date may be subject to change in the event of inclement weather conditions.

During this time the undermentioned departments or personnel can be contacted as follows:

Department/Personnel	Main Line (636-2201)	Direct Line	E-mail
